

SSSD

Education Intervention

2022 Annual Report

FOREWORD

The Syrian Society for Social Development is a non-governmental organization established in 2009.

SSSD works all over Syria, and provides services in several sectors including Health, Protection, Education, Early recovery and livelihood, Shelter and WASH.

Furthermore, the services are provided to all age groups, focusing on vulnerable populations.

Through all its services, SSSD works by applying its vision, which is :

Restoring Lives ... Rebuilding Communities

So the LEAST become Partners in Transformations that LAST

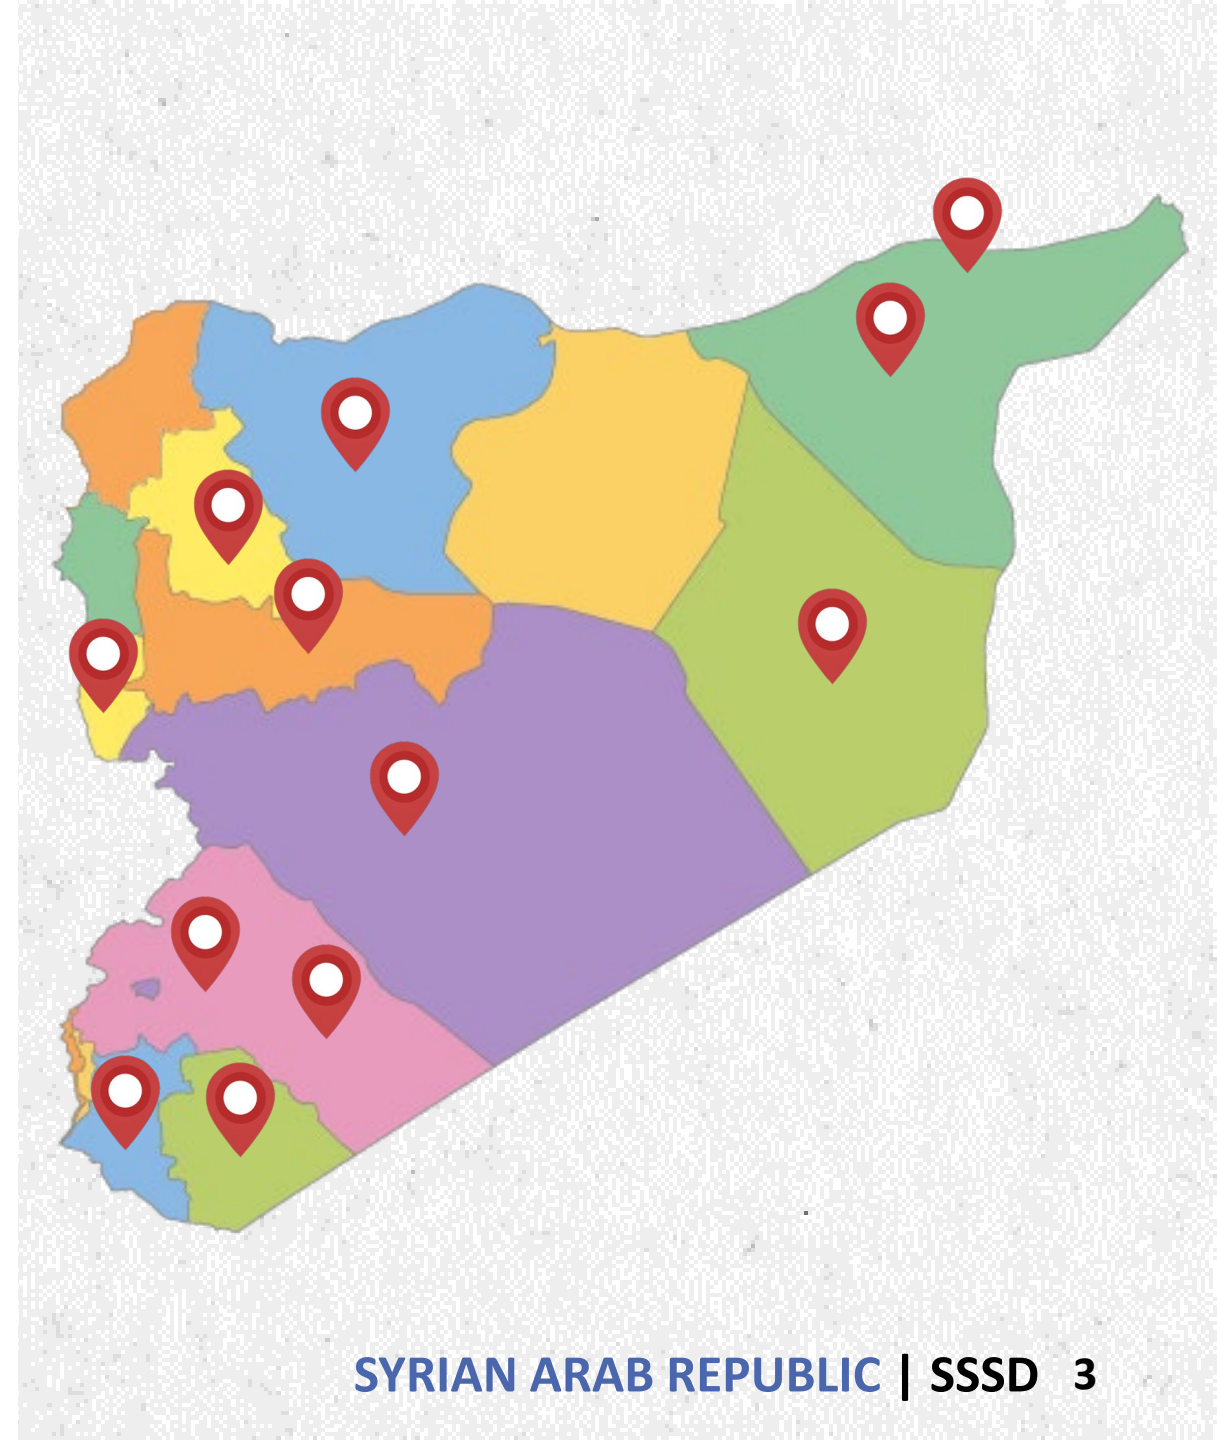

FOREWORD

According to the Harmony Memorandum signed between the MoE and SSSD on June 11, 2022, regarding providing educational support to children and dropouts students in the following governorates:

Damascus, Rural Damascus, Daraa, Al-Swauda, Deir Ezzor, Aleppo, Tartus, Al-Hasakah and Qamishli, Homs, Hama, Rural Idlib.

Where the Syrian Society for Social Development provided a set of educational activities that meet the needs of the beneficiaries which were monitored in the targeted areas.

A photograph of a classroom scene, overlaid with a blue, torn-edge filter. A male teacher in a light blue shirt and a tan vest is standing and looking down at a student. Several other students are seated at desks, some looking towards the camera. The background shows a classroom with windows and a whiteboard.

REMEDIAL CLASSES

These classes aim at providing learning support to students who are at risk of dropping out of school or are behind their counterparts in school performance and prepare them for mid and final exams.

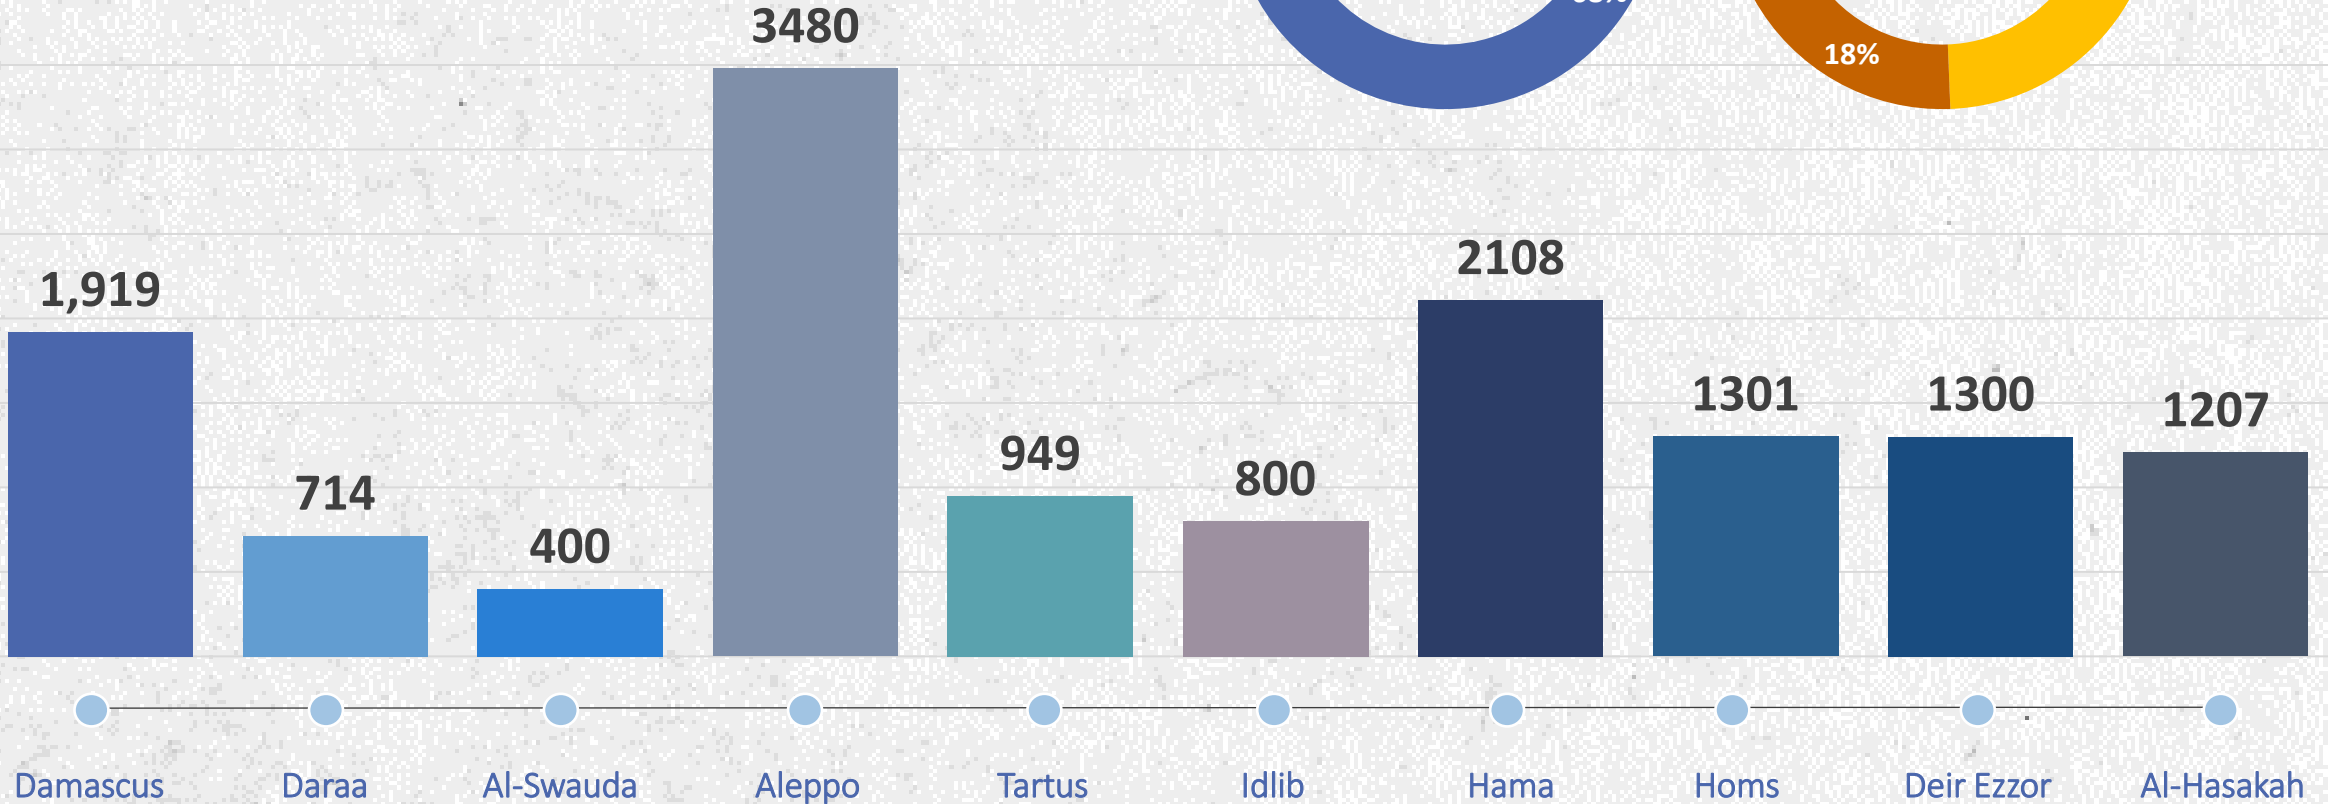

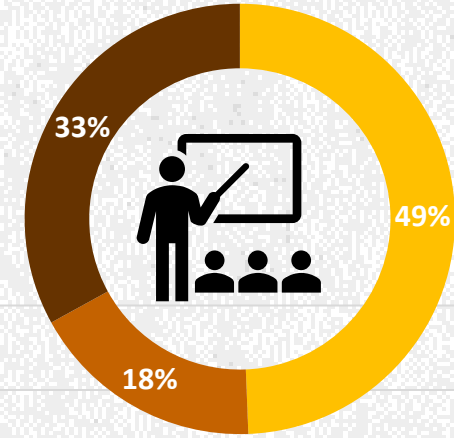

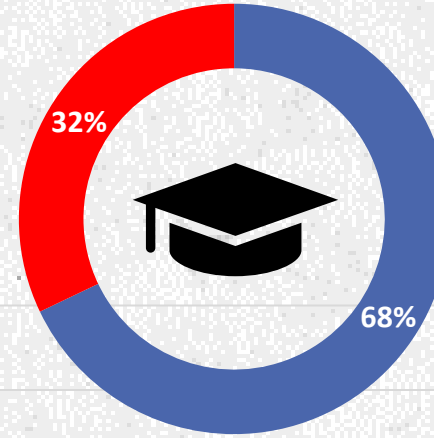

REMEDIAL CLASSES

A hand holding a pencil is shown writing on a piece of paper. The hand is wearing a pink sleeve. The background is a light blue and white patterned surface. The title 'HOMEWORK CAFÉ' is written in large, bold, white letters with a blue shadow effect.

HOMEWORK CAFÉ

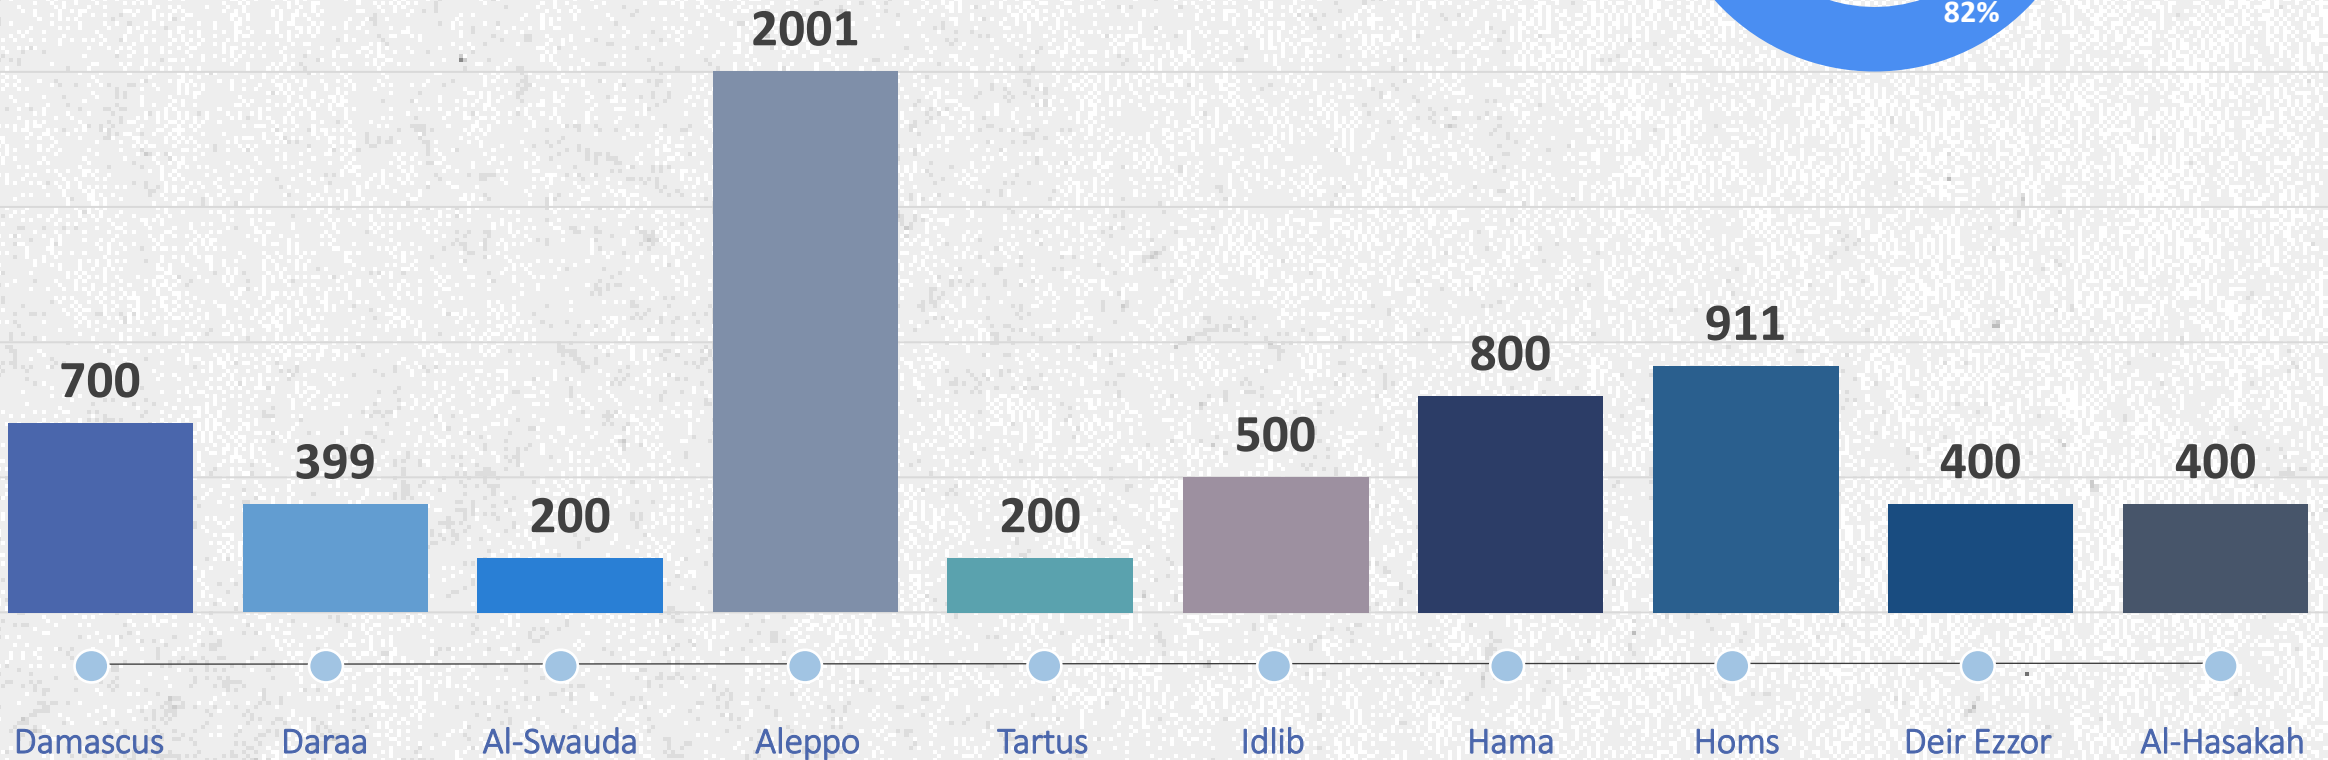

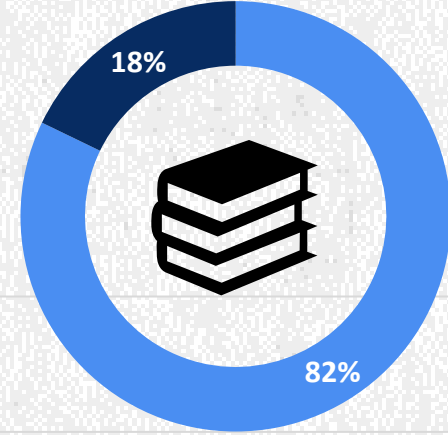

It aims to provide a suitable educational environment for children to do their homework and review their lessons with the assistance of teachers.

HOMEWORK CAFÉ

6,511

Reached Students

A photograph of a classroom filled with students. They are seated at wooden desks, many of which are arranged in rows. The students are of various ages and are focused on their work, some looking at books or papers. The room has white walls and a simple, functional appearance. The image is overlaid with a semi-transparent blue filter.

CATCH-UP CLASSES

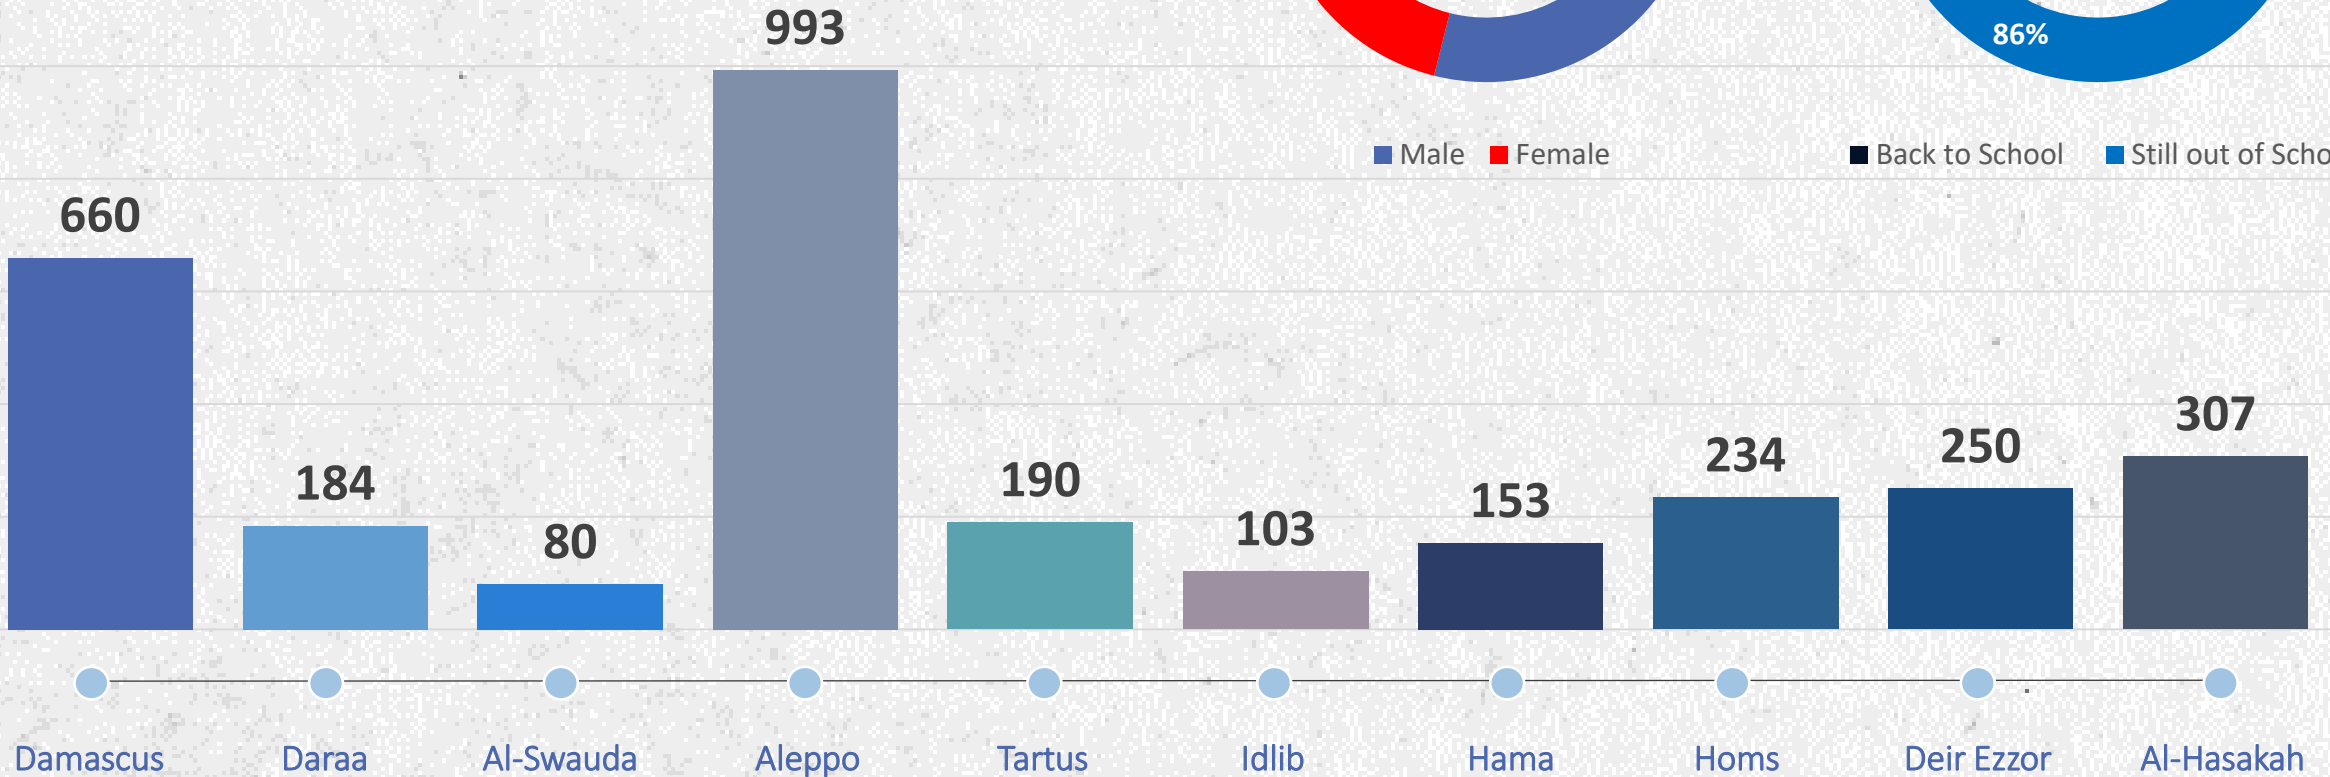

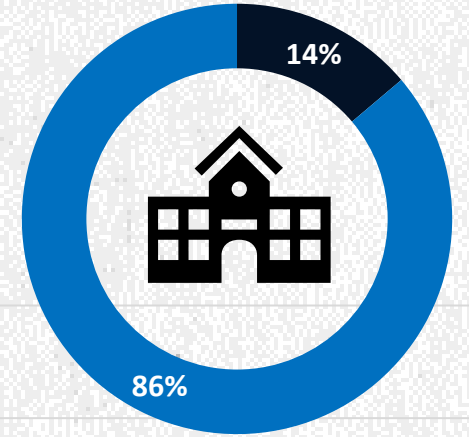

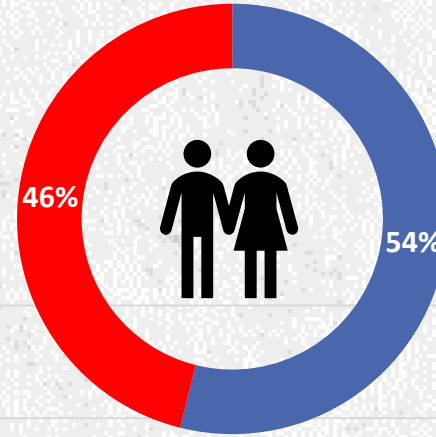

These classes aim at supporting out of school children who dropped out of school or had their education interrupted to prepare them to re-enrol into school or sit for the national 9th and 12th grade exams.

CATCH-UP CLASSES

3,154

Reached out of school children

FORSA PROGRAM

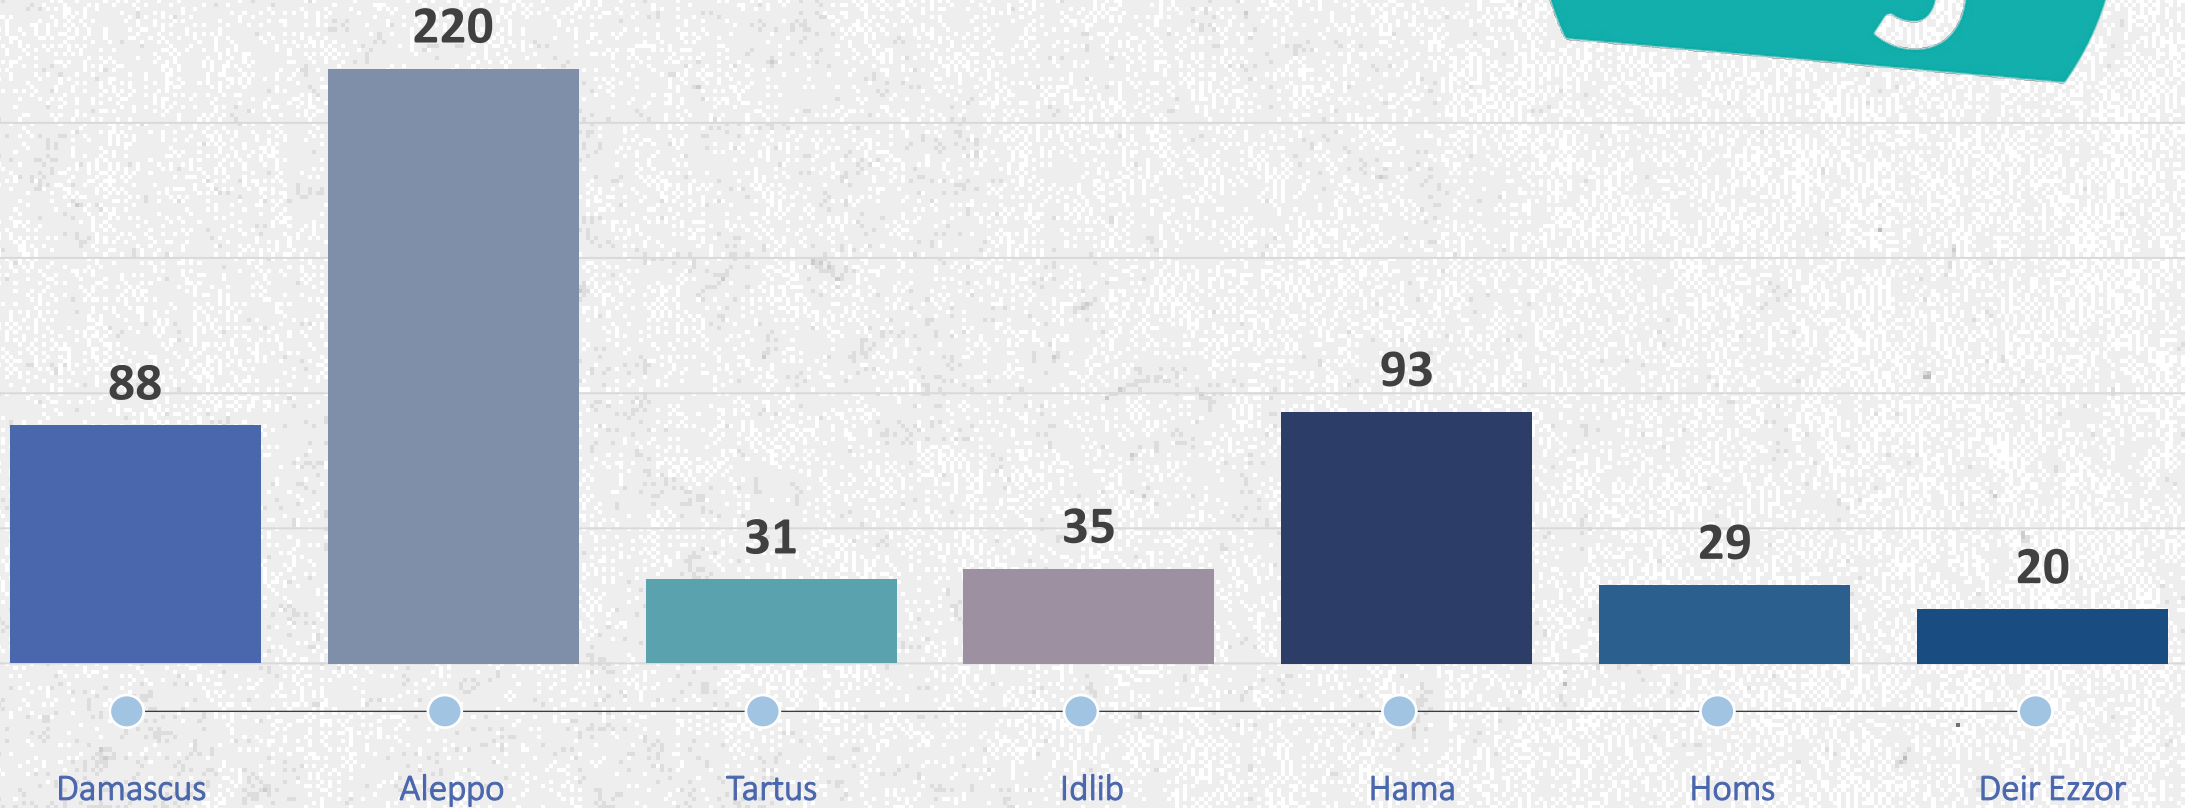

Aims to provide the chance for working dropout children and children who support their parents to register in an Educational Program specified for them, that is appropriate to their working hours, living conditions, and their educational level.
